Helping families since 1992

Friendly. Family owned. Focused on you.

At Elan, we believe insurance should be simple, personal and reassuring.

As a family-owned New Zealand business, we've been supporting Kiwi families for over 30 years with clear advice and genuine care. We help you make confident decisions about protecting your life, health, income and future.

No two families are the same, so we take the time to understand your situation and recommend cover that fits your needs and goals.

Our experienced advisers are here to support you every step of the way, especially when it comes time to make a claim.
