125mm x 2.4m	200mm x 3.0m
125mm x 2.7m	

Squares

135mm x 1.8m
135mm x 2.4m

Rails

145mm x 50mm x 3.0m

Garden Box Kits

1935mm x 1035mm x 405mm
2535mm x 1035mm x 405mm
<i>Custom sizes by request</i>

1

Domestic and commercial waste plastics are sourced as raw ingredients

Milk bottles, single-use plastic, soft plastics, buckets, drums and more

2

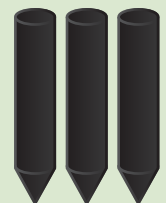

The waste plastic is ground into a consistent form ready for processing

3

The blended plastic is UV stabilised and extruded into posts

4

The finished products are QA inspected and packaged into our unique crate system, ready for delivery
