“Crafting your outdoor haven, one plant at a time.”

Sacha Gardner

Our Story: From Humble Beginnings to Auckland's Leading Garden Service

Born from a deep-rooted love for the outdoors, our founder Sacha Gardner transformed a humble weed eater into an industry-leading business. Since 2018, our Remuera-based company has been bringing innovative outdoor solutions to our community, driven by a passion for greener, healthier, and more beautiful living spaces.

Our local upbringing means we're intimately familiar with Auckland's unique terrain and conditions. From design and construction to garden maintenance, our services are tailored to the needs of each unique garden.

We're proud to have grown into a dedicated team of outdoor specialists, servicing homes throughout Remuera and central Auckland with unrivalled quality and service.

At GGL, we're not just gardeners – we're your partners in transforming your outdoor spaces. With a blend of traditional techniques, fresh ideas, and dynamic energy, we unlock your garden's full potential.

Our Values

1. High-End, Custom Solutions

We deliver tailored landscaping and garden services that reflect quality, creativity, and attention to detail.

2. Clear, Professional Communication

From first contact to final handover, we keep clients informed, involved, and confident at every step.

3. Exceptional Client Experience

We go beyond the build — ensuring a smooth process, thoughtful touches, and aftercare that stands out.

4. Positive, Proud Team Culture

We care about our people. A motivated, respected team creates better work — and it shows in every project.

The GGL Vision

To be Auckland's first choice for sustainable and innovative outdoor solutions, transforming everyday spaces into vibrant, green oases that enrich our community and respect our unique New Zealand environment.

We provide Auckland with superior gardening and landscaping services. By blending traditional expertise with innovative practices, we strive to enhance outdoor spaces, respect our environment, and exceed customer expectations, one garden at a time.

Gardening

Transforming Green Spaces: Your One-Stop Garden and Lawn Care Services by GGL.

Experience comprehensive garden and lawn care services with GGL, your local specialists in Auckland. Our knowledgeable team not only understands local topography and climate but is fully equipped to handle all your gardening and lawn care needs. From regular garden maintenance, weed control, and hedge trimming to one-off clear-outs and lawn mowing, we've got you covered.

Our services extend to new season planting, high-end topiary, pruning, and tree trimming as needed. We even cater to larger jobs like transforming your section with professional landscaping and design, followed by a maintenance plan to keep it looking top-notch.

With GGL, you can save valuable time and money in the long run, as we come with our own well-maintained equipment ready to efficiently tackle any task. Enhance your street appeal, create a safe and enjoyable outdoor space, and get your weekends back!

GARDEN MAINTENANCE

Keep your garden thriving with our regular maintenance services tailored to your outdoor space. From mowing and weeding to plant care, we ensure your garden stays lush and healthy all year round.

SEASONAL GARDEN CARE

Every season brings new opportunities—and challenges. Our seasonal services adapt your garden care to the time of year, ensuring it looks vibrant and healthy no matter the weather.

HEDGE TRIMMING AND PRUNING

Shape and refine your garden with expert trimming and pruning. We keep your hedges tidy and your plants thriving by improving structure, air flow, and long-term growth.

TREE AND STUMP REMOVAL

Clear space safely and efficiently with professional tree and stump removal. We handle everything from hazardous trees to stubborn roots, leaving your garden safer and tidier.

PLANTING (NEW ZEALAND NATIVES)

Celebrate sustainability with native planting that's built for our climate and ecosystem. We select, place, and nurture NZ-native species to enhance biodiversity and beauty.

YARD AND PROPERTY CLEAR-OUT

Give your outdoor area a fresh start with our complete yard clear-out services. Perfect for overgrown spaces, pre-sale tidies, or rental resets, we'll leave your garden clean and usable.

Landscaping

Reimagining Outdoor Spaces in Auckland - GGL's Premium Landscape Designer Services

GGL takes pride in transforming ordinary backyards into extraordinary outdoor spaces. Whether you're looking to accentuate a new-build with a modern landscape design or seeking to enhance the charm of your existing garden, GGL is your perfect partner.

Our skilled landscape designers can breathe life into your ideas or create a unique design inspired by your vision. Using a combination of hard and soft landscaping solutions, we craft stunning and sustainable spaces that you'll be proud to call your own.

Post-creation, we also offer reliable garden maintenance and lawn mowing services to keep your spaces evergreen, coupled with expert tree trimming, pruning, and stump removal.

From building an idyllic BBQ deck for summer gatherings to laying coloured pavers that harmonise with your garden's aesthetics, GGL's diverse landscaping services are tailored to meet varying budgets and tastes. Our versatility in landscaping solutions ensures we can address any challenge, transforming your outdoor space into a stunning extension of your home.

PAVING & CONCRETE

Our team crafts distinctive, durable pathways and surfaces using a wide array of paving and concrete options to add practical style to your outdoor space.

LANDSCAPE DESIGN

Gardner's Gardening & Landscaping offers professional landscape design services to transform your Auckland property into a stunning outdoor haven.

FENCING, GATES AND RETAINING WALLS

Enhance security and aesthetics with our custom-designed fences and retaining walls, ideal for keeping your loved ones safe while complementing your landscape design.

DECK CONSTRUCTION

Expand your living space outdoors with our bespoke deck construction service, designed to perfectly blend with your landscape while offering a functional area for relaxation and entertainment.

EXCAVATION SERVICES

Experience seamless site preparation with our comprehensive excavation services, ensuring a perfect foundation for your dream landscape.

PLANTING

From vibrant flower beds to lush greenery, our planting and garden installation services are designed to create a beautiful and thriving garden that reflects your personal style.

Commercial and Residential

We offer tailored maintenance services to keep your property neat, healthy, and inviting all year.

CORE SERVICES

- Shrub & Hedge Trimming: Clean, defined borders
- Tree Care: Pruning, shaping & health checks
- Lawn Care: Mowing, edging & fertilisation
- Seasonal Adjustments: Planting, mulching & prep
- Flower Bed Maintenance: Weeding & seasonal colour

WHY IT MATTERS

Professional care improves appearance, boosts property value, and supports sustainability—delivered by a reliable, passionate team using eco-friendly methods.

EXTRAS

Need more? We also offer design consultations, storm clean-ups, irrigation setup, and more.

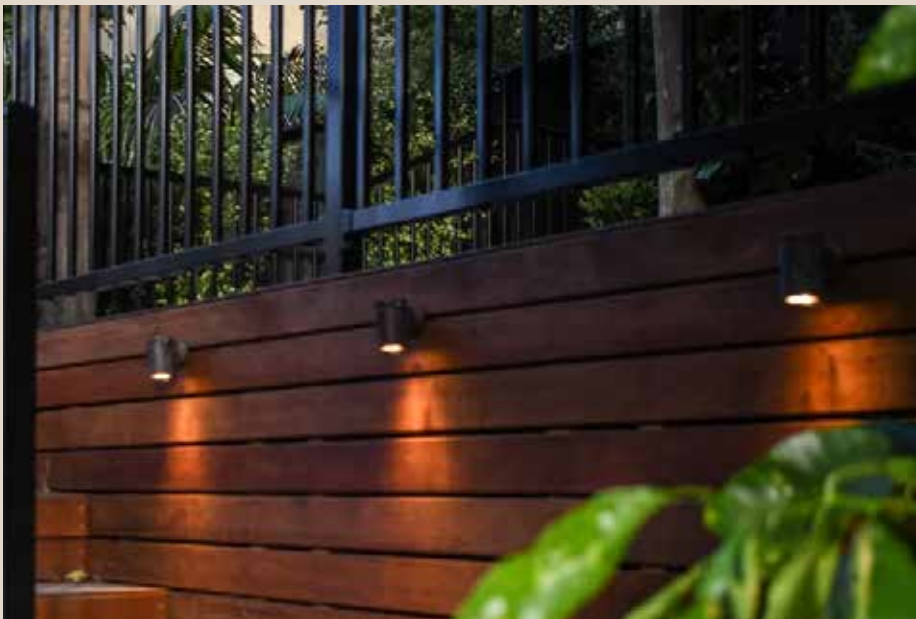

TAILORED PLANS

From commercial sites to residential complexes and schools, we customise plans to suit your needs, goals, and budget.

Introducing the passionate individuals who make your garden dreams come true.

Our team is made up of hardworking, skilled individuals who take pride in delivering high quality landscaping and gardening services. Each member brings unique strengths to the table, whether it's attention to detail, creativity in design, or a strong work ethic on the tools. We value clear communication, accountability, and a positive attitude. We're committed to growing together while delivering great results for our clients.

Projects

Great North Road, Avondale

PROJECT OVERVIEW

This project involved the construction of a 30m² kwila deck with staircase, installation of 50 linear meters of retaining walls, and 40m² of paving. A louvre system was also added to create a functional and stylish outdoor entertainment area.

CHALLENGES & SOLUTIONS

One of the main challenges was the limited site access — the property had a very tight driveway, leaving little space for material storage. Additionally, a significant amount of excavation was required. Careful planning, efficient use of space, and coordinated material deliveries allowed us to manage these constraints and keep the project moving smoothly.

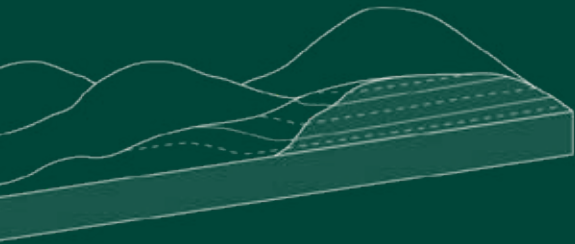

Portland Rd, Remuera

PROJECT OVERVIEW:

This project featured a range of high-end custom landscape elements, including custom bluestone stairs and a matching kwila balustrade, new planting, privacy screens, a paver pad, a water feature, and integrated outdoor lighting. A custom-built kwila-clad gate with an intercom system was also installed. A very large oak tree was removed prior to the start of works to make way for the new design.

CHALLENGES & SOLUTIONS:

One of the key challenges was designing and constructing the custom bluestone stairs to align seamlessly with an existing bluestone wall. Our team carefully planned and executed the stair design to ensure a perfect match. Building the kwila balustrade to complement the stone steps also presented a rewarding challenge, which the team tackled with precision and craftsmanship.

PRODUCTS & MATERIALS USED

Bluestone | Kwila timber | Lighting fixtures (outdoor-rated) | Intercom system

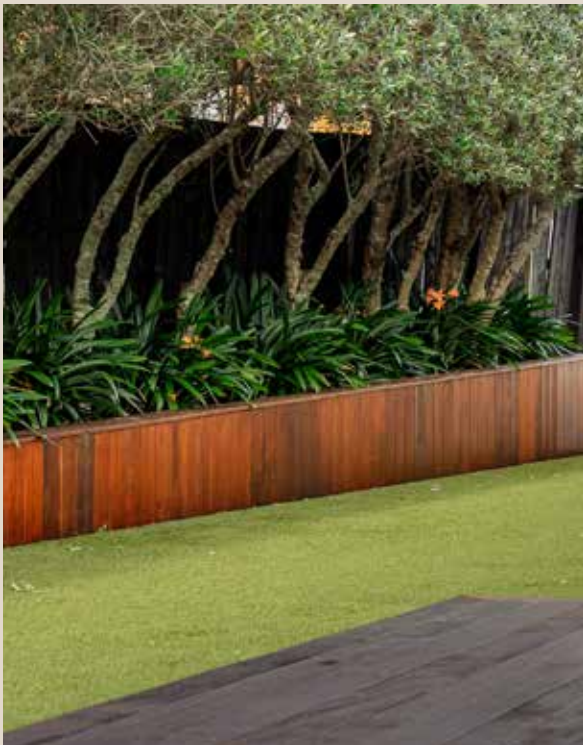

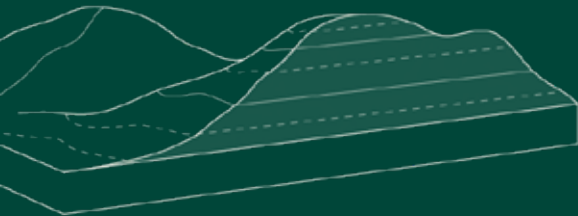

Wynsfield Garden, St Heliers

PROJECT OVERVIEW:

This outdoor transformation included a 65m² kwila deck, 50m² of artificial turf, and a custom-built BBQ bench. The space also features a tiled seating area with a built-in fireplace and a kwila-clad retaining wall, designed for both function and style.

CHALLENGES & SOLUTIONS:

The most challenging elements were the custom BBQ bench and the tiled seating area. These features required precise craftsmanship and coordination, but the team delivered a high-quality finish that met the design expectations.

G ★★★★★

The team from Gardners are great! I got in touch with the team to organise landscaping my back yard. from landscaping design to implementation and completion, Sascha and his teams communication and workmanship was great. Highly recommend this business. Thanks team! Arguably have the best Auckland Landscaping on my property now.

BLAKE KNIGHT

G ★★★★★

Outstanding, seamless, stressfree. Meticulous work with an amazing outcome. Pleasure dealing with Sacha, Steven and Shaun.

MAHAT VATHER

G ★★★★★

Sacha was incredibly professional and thorough throughout the planning process for my landscaping project. The proposal was detailed, clear, and tailored to my needs, with an impressive level of expertise and attention to quality.

STANLEY ZHU

G ★★★★★

Mike and the GGL team came to take out 2 trees and prune another. The service was fantastic. Great communication and great banter. Very professional. Would not hesitate to recommend and will definitely employ their services again. Great team. Thanks.
