About us

Having the standard affiliations, high quality material and standards of work, with competitive pricing is the expectation. What sets us apart is the 50 years of industry experience, coupled with top industry qualifications to provide a QS overlooked quotation for purposes of your financial planning.

Our practical and creative designer, with his eye for detail and ability to foresee errors, allows for good project management to minimise extra expenses for you. An all-inclusive service package, helpful, friendly and respectful communication, will make dealing with us a real pleasure!
